

# PRESIDENT WON FIRST BATTLE IN REPEAL OF TOLLS IN PANAMA ACT

Protracted and Complicated Contest Was Ended In Lower House When Administration Bill Was Passed By Vote of 247 To 161

MEASURE NOW IN SENATE FOR FINAL ACTION

Various Other Bills Relating to Tolls Exemption Will Be Introduced and It is Predicted That Final Disposition Will Not Be Made Within Five or Six Weeks—Vote Will Be Close Claim Being Made That Opponents to Repeal Will Have Majority of One.

(ASSOCIATED PRESS TELEGRAM)

Washington, April 1.—The Panama tolls controversy, surpassing any problem that has absorbed the attention of congress in recent years was transferred to the senate today from the house where last night the Sims bill, repealing the tolls exemption clause of the Panama canal act, was passed by the vote of 247 to 161.

The measure's appearance was accepted as the signal for the beginning of one of the most protracted and complicated contests that body ever has faced. Senators, both for and against the repeal, said they saw no hope of a final disposition of the issue within the next five or six weeks.

Senator O'Gorman, who will lead the fight against the bill, today planned to have the inter-oceanic canal committee, of which he is chairman, begin consideration of the measure immediately. The committee already has before it various other bills relating to the tolls exemption. It appeared today that the members are nearly evenly divided on the chief issue. How a vote will result is regarded as extremely uncertain at the present time, but unless there is a change in the lineup the opponents of the repeal appear to have a majority of one.

Senator Lewis, of Illinois, has a bill empowering the president to suspend tolls by proclamation. Senator Reed has introduced a measure which would repeal the toll exemption clause and grant to foreign vessels the right to compete with American ships now engaged in the coastwise trade. Senator Owen's bill, identical with that passed by the house yesterday, it was expected, would be replaced by the administration's measure, its purpose to expedite consideration in the senate having failed. There are other measures pending, including a bill of Senator Thomas, of Colorado, and Senator Callinger's resolution expressing the sense of congress that it has the right to do as it pleases with

respect to regulating shipping in the Panama canal.

Gratified over the success of the Panama tolls exemption repeal in the house President Wilson and his supporters turned their attention today to the Senate.

The latest poll brought to the White House by an administration Senator who canvassed his colleagues and excluded from his count those he considered doubtful indicated that the President's contention would have a majority of at least sixteen Republicans as well as Democrats.

Senator Owen, the administration leader in the canal committee where the measure now is pending, was at the White House early conferring with Secretary Tamm. Asked about the procedure in the Senate and length of time for discussion, the Oklahoma senator said:

"It is natural to assume that if the committee does not report promptly, a motion will be made to discharge the measure from consideration of the committee. There is to be no effort at forcing unnecessarily but we want no dilatory tactics. The committee stands, I should say, against the President and I think when the committee was organized those who were in favor of the tolls exemption were in the majority."

"A week in the committee would be a reasonable time for discussion."

The President had no remark to make on the resolution in the House but let it be known that he cherished no ill feeling over those who, expressing their convictions, opposed the repeal. There was no comment made on the speech of Speaker Clark. The corrected count of the vote in the house yesterday, repealing the exemption clause, as announced in the Congressional Record today is 247, for the repeal and 162 against it—a majority of 85 for the administration. The count as announced last night was 161 votes against it. The name of Representative Dyer, Republican, of St. Louis, Mo., who voted against the repeal, was omitted in the list.

## ONLY A JOKE SAID AKRON HOLDUP MEN

(ASSOCIATED PRESS TELEGRAM)

Akron, O., April 1.—Irvin Kelley, 70 South Broadway and Homer Heister, 700 May street, arrested this morning on charges of highway robbery, confessed and said the hold-up was merely an "April fool" joke.

Bruce Dehan, of Parkersburg, W. Va., and Howard Morgan, 524 Wildwood avenue, were enroute to Morgan's home at 1 a. m., when two holdup men stopped them and took all their valuables. Dehan reported the loss of \$500 in bills.

When searched three \$20 bills were found in the lining of Heister's tie. More than \$250 in bills was found in a cigar box under the door step at his home.

## UNION BARBERS WALK OUT TODAY AT COLUMBUS, O.

(ASSOCIATED PRESS TELEGRAM)

Columbus, O., April 1.—Barbers in five of the leading barbershops of this city went on strike today and the claim was made in union circles that there would be additions to the strike during the day. It was said that a large number of employers had acceded to the demands of the men for an advance in wages. Those where the strike was in force announced that they would adhere to the "open shop" policy regardless of consequences.

The largest number of men affected at any one of the five places was a high street shop where eight men walked out.

In their new scale the barbers ask sixty cents of every dollar taken in by the journeyman barbers, with a guarantee of \$12 a week. For day work they ask sixty per cent with a guarantee of \$2.25 a day except on Saturday when they demand a \$4 guarantee.

## 50,000 MINERS NOW IDLE IN THIS STATE

(ASSOCIATED PRESS TELEGRAM)

Chicago, April 1.—Nearly 50,000 Ohio bituminous coal miners were forced into indefinite idleness today and 35,000 Pennsylvania miners may be thrown out of employment Friday, because of the failure of the recent Chicago conference between the operators and officials of the United Mine Workers of America to reach a new working agreement to take the place of the one which expired last midnight. Pending negotiations for a new agreement, coal miners in Indiana, Illinois and Iowa will continue at work.

Most of the mines in the Ohio district suspended operations last midnight in accordance with orders issued Monday by the operators. The operators in the central Pennsylvania district announced last night that unless the old agreement is renewed before Friday all of the mines in that district would be closed and work suspended indefinitely.

## ARE CELEBRATING ENACTMENT OF THE EIGHT HOUR LAW

(ASSOCIATED PRESS TELEGRAM)

Terre Haute, Ind., April 1.—Nearly 20,000 miners in the eleven district bituminous coal field observed a holiday today in celebration of the anniversary of the enactment of the eight hour day law.

Tomorrow a committee of the operators will meet with the miners of the district here to take up the matter of arranging a scale and adjusting other working conditions, and it is not expected that any trouble will be experienced in reaching an agreement.

ERRAND BOY KILLED.

Cleveland, April 1.—Louis Fenner, errand boy of the Mead Electric Signal company, was instantly killed this morning when he fell five stories in a freight elevator shaft in the building. No one saw the accident. Workmen found the body.

## Board of Trade Wishes First of All Co-operative Support; Money Will Follow

While the entire city of Newark has been divided into precinct districts, to be canvassed by committees of personal workers to solicit your support of the Board of Trade's plan for the creation of a factory fund, for the sole purpose of inducing new industries to locate in the city, IT MUST NOT BE LOST SIGHT OF, THAT THE SOLE OBJECT OF THIS CITY-WIDE PERSONAL CANVASS, NOR YET INDEED THE PRINCIPAL AIM IS NOT TO RAISE MONEY. Such an idea is erroneous. Of course money will be needed, but the executive committee does not fear that this will be a difficult task to accomplish, if the people are imbued with the proper spirit toward civic betterment, and a right sentiment toward the plan for accomplishing this end.

The committee realizes that what is first needed is that the individual citizen should become impressed with a feeling that he is considered in the Board of Trade's plan as a vital part, a necessary adjunct to make it a success. Every person in Newark is desired to know that upon him, and his co-operation, and enthusiastic support the triumph of this plan is assured, and Newark's industrial expansion will become an actuality.

It is to inculcate this principle that these precinct committees will make this personal canvass, and if this general sentiment of enthusiastic support is aroused, the money subscriptions will take care of themselves.

## April Fool Joker Almost Caused a Riot Among the Unemployed of Chicago

(ASSOCIATED PRESS TELEGRAM)

Chicago, April 1.—A first of April joke perpetrated by some person unknown to the police today caused more than 500 unemployed men to congregate in a cold rain in front of the Soo Line freight terminals and wait for the employment promised by the joker.

Before the men could be made to understand that there was no basis

for the report that the railroad wanted hundreds of workers, the crowd surged against the steel gates breaking the locks and poured into the yards shouting "give us the jobs." It took the police nearly an hour to clear the men out of the yards. The author of the hoax is sought by the police. He spread the false rumor among hundreds of men gathered along West Madison street in front of the employment agencies.

## WAR SECRETARY ENDEAVORING TO CLEAR MYSTERY

(ASSOCIATED PRESS TELEGRAM)

London, April 1.—The first act, of Premier Asquith in his new capacity as secretary of state for war was to clear up the mystery surrounding the instructions given by the war office to General Sir Arthur Paget, commander in chief in Ireland.

Sir Arthur was summoned to London to give his chief a personal account of the orders he had received and issued and as a result of the conference Reginald McKenna, the home secretary, who is acting as leader of the House, was able to inform the commons today that:

"The only question General Paget put or intended to put to the commanding officers in Ireland was whether they were ready to put their duty before any other considerations. It was not his intention that this or any such question should be put by the general officers to their subordinates."

General Paget informed the general officers of the promise given by the secretary for war to officers whose homes were in Ulster to permit them to withdraw temporarily from their regiments in the event of operations becoming necessary in Ulster and he requested the general officers to find out immediately the number of officers who would withdraw on this account.

"The Irish commander in chief was asked if any officer who could not claim this exemption would be allowed to resign and replied that the result of any refusal to do their duty could only mean their dismissal from the army."

## ARGUMENTS IN RATE CASE WILL CONCLUDE TODAY

(ASSOCIATED PRESS TELEGRAM)

Washington, April 1.—Concluding arguments for the Eastern railroads asking an increase in freight rates were heard today before the interstate commerce commission and will be ended tomorrow. The conclusion of hearings at this time is taken to forecast an early decision in the case, probably next month or at the latest before the commission takes their recess for the summer. A June Railroad officials continued their testimony to show that transportation systems were facing a crisis which might be avoided by an increase in freight rates.

## QUESTION OF PRICE HOLDS UP CANAL DEAL

(ASSOCIATED PRESS TELEGRAM)

Columbus, April 1.—The question whether \$180,000 is sufficient for the leasing price of thirty-three miles of the abandoned Hocking canal between Lancaster and Nelsonville for twenty-five years to be used as a right of way for an electric line, has caused temporary suspension of negotiations between the state and James M. Dollison, of Logan, and James Sharp, of Nelsonville, for acquisition of the canal, according to announcements made today by John I. Miller, superintendent of public works.

A conference was held yesterday by these men with Governor Cox and it was decided to ask the state public utilities commission to make an appraisal of the land, and to estimate its increased valuation during the next twenty-five years. Sharp and Dollison have agreed to form a company and pay a yearly rental for the land graduated between \$6,000 for the first year, and \$8,000 for the last years. No higher bid has been offered.

Superintendent Miller and Attorney General Hoyer have approved the terms of the lease, but the governor has not done so.

## PUPILS JOIN IN SEARCH FOR MISSING GIRL

(ASSOCIATED PRESS TELEGRAM)

New York, April 1.—Examinations were postponed today at the high school in Rye, N. J., a suburb, the school was dismissed and the boys and girls were asked to join the search for a missing girl, a first year pupil whose disappearance last night caused the whole town. Miss Wood, the daughter of Percy L. Wood, 111 bookkeeper of the Corp. Exch. bank of this city.

The girl left her home last night to attend a meeting of the Campfire Girls, at the house of a neighbor. She did not reach the meeting and none of her relatives or friends have seen her since.

STRIKES POPULAR AT CANTON.

Canton, O., April 1.—Members of the union of Electrical Workers today demanded a new ranking from \$2.50 to \$4 a day and an eight hour day. They now have a nine hour day.

# Gen. Velasco Offers To Surrender Torreon To Rebel Chieftain

TELEPHONE GIRLS ARE LOSERS IN THE CANTON, O., STRIKE

(ASSOCIATED PRESS TELEGRAM)

Canton, April 1.—After a strike extending over a period of seven weeks settlement was effected today by the Stark Telephone Company and striking employees through the mediation of the state industrial commission. By the terms of peace the 33 girls who had been on strike will be taken back. The strike resulted in no increase in wages and the girls union is not recognized.

## INDUSTRIAL COMMISSION MAKES AWARDS

(ASSOCIATED PRESS TELEGRAM)

Columbus, April 1.—The young widow and infant children of Steve Kiss, No. 2794 East 92nd street, of Cleveland, are beneficiaries of an award of \$2,808 made today by the state industrial commission from the workmen's compensation fund. Kiss was killed when he fell from a window in an office building. He was employed by the Cleveland Window Cleaning Co. The family will receive \$9 a week for six years.

Another death award of \$3,744 was made to the aged dependent mother of Charles P. Sweeney, of New Straitsville, who fell against the flywheel of a gas engine near Core, Hocking county, and was killed. He was employed by the Charles Oil Co. of Pittsburg.

John Balazo, of 9111 Cumberland avenue, Cleveland, was given \$140 for injury to a finger at the Widler Co.'s printing plant.

CUT RAILWAY FORCE.

(ASSOCIATED PRESS TELEGRAM)

Canton, April 1.—One hundred men were laid off today by Superintendent Coe of the Wheeling and Lake Erie lines on the Toledo-Wheeling division. Shutdown of coal mines is given as the reason for cutting the railway force. About 25 engines will be out of service.

## NEWARK BAKER SUICIDES IN ZANESVILLE

(ASSOCIATED PRESS TELEGRAM)

John Matzenbach, father of George H. Matzenbach of Hazelwood avenue, committed suicide in Zanesville on Monday evening. No cause has been discovered for the rash act.

Mr. Matzenbach, age 59, committed suicide by drinking carbolic acid some time during Monday night in the alley in the rear of a saloon in Zanesville. The body was found Tuesday morning. He had arrived in Zanesville from Newark Saturday. He left the saloon Monday evening after talking with some friends. The next heard of him he was found by F. R. Fulton and C. K. Woods, employees of a paint shop.

The deceased was a baker by trade and at the time of the flood had been employed in Zanesville after which he left there and came to Newark to live with his son, George Matzenbach in Hazelwood avenue. Recently he suffered a severe attack of typhoid fever.

He is survived by his divorced wife and five children, Charles and Clyde, of Dresden, Howard of Canton, George of Newark, and Mrs. Edward Grubb of Elizabeth, O. Also two sisters, Mrs. Elizabeth Schreiber of Zanesville and Mrs. Cordie of Bonwood.

The deceased was a member of the I. O. O. F. lodge of Dresden. The funeral will be held Wednesday afternoon at 2 o'clock at the home of his sister, Mrs. Schreiber, in Ninth street, Zanesville.

## JUDGE W. L. DAY RESIGNS FROM BENCH TODAY

(ASSOCIATED PRESS TELEGRAM)

Cleveland, O., April 1.—William L. Day, judge of the United States court of the northern Ohio district, sent his resignation to Attorney General McInnes today. It is effective May 1. Judge Day is a son of Justice William R. Day, of the United States Supreme court. Judge Day explained his action by saying: "I am resigning simply because of the inadequacy of the salary of United States judges. I am a young man, have a family and believe I have a future. I must look after it. I became a member of the legal firm of Squire Sanders & Dempsey upon leaving the bench. Day is 37 and has been a federal judge three years. His home is in Canton, Ohio.

## Three Hour Armistice Arranged and Federal Leader Wanted Promise From Villa Not To Kill Officers And Volunteers

## OFFER OF SURRENDER RECEIVED AT WASHINGTON

Message Received by American Consul at Piedras Negras From Durango But He Refused to Reveal Contents—Villa Had Captured the Railroad Station and Half of the Town and Assaults Resulted in Apalling Loss of Life on Both Sides.

(ASSOCIATED PRESS TELEGRAM)

Juarez, Mexico, April 1.—At 1 o'clock today General Carranza, through Roberto V. Pesquera, gave out a statement that the federals still held the general barracks and two smaller barracks in Torreon. This indicates that there have been no material changes in military positions in Torreon.

(ASSOCIATED PRESS TELEGRAM)

Eagle Pass, Texas, April 1.—Dispatches from the American consul at Durango, forwarded to Washington via this city, are reported today to announce that the federal commander at Torreon has offered to surrender to General Villa, that a truce has been granted and that the federal and constitutionalist commanders have met and are today arranging the terms of capitulation.

General Velasco, it is said, first called for a three hour armistice and offered to surrender the town if the garrison could march out with honors of war and if Villa would parol the officers and guarantee not to kill the volunteers as he had threatened. The despatch announcing the truce and offer of surrender has been forwarded to Washington.

William P. Blocker, American consul at Piedras Negras, refused to reveal the contents of the despatch from Durango but admitted that the message had been received and forwarded to Secretary of State Bryan. According to information from authentic sources, General Villa had taken the railroad station in Torreon and for the past two days has been working his way from house to house toward the center of the city. He is said to have taken nearly half of the town but the assaults resulted in an appalling loss of life on both sides.

Last night General Velasco hoisted a white flag, it is said, and asked for three hours truce to present a proposition for surrender. The truce was granted it is understood and the federal commander offered to turn over the city with all military stores if the lives of all officers and men were guaranteed.

It is also understood that Villa at first demurred, saying that many of the garrison, including General Orozco, who is said to be in Torreon were traitors and must be executed. It is said another armistice was arranged for today, however, when Villa would probably accept the offer of the federal commander.

It is known that a federal column of reinforcements left Saltillo for Torreon March 30 but as all railroad lines are cut it will require several days for the relieving force to arrive at Torreon.

The new column reported marching to the relief of General Velasco was said to be under the command of General Joaquin Maas and to number 4,500 men.

To meet him, it was reported, Gen. Herrera was detailed by General Villa. An engagement between these forces was expected hourly.

General Carranza today informed Americans, British and German consuls that reports of the fall of Torreon were premature.

A telegram from Gomez Palacio to General Manuel Chao at Chihuahua was copied here today. It said that a train of wounded left Gomez at 2 o'clock this morning and added that at that hour fighting continued.

Miguel Diebold, Mexican federal consul at El Paso, made public a telegram from General Maas, the federal commander, reported advancing to the relief of Torreon, reading:

"Reported fall of Torreon untrue. Deny all such reports."

The message was dated today and purported to come from Saltillo, just east of Torreon, by way of Eagle Pass, Texas. It was rumored that one of Maas' troop trains was destroyed by dynamite at San Pedro de las Colonias, between Saltillo and Torreon.

## Didn't Have Right Idea

I didn't have the right idea of the Booklovers' contest until I read what was printed last night under the caption 'Not a puzzle contest,' said a South End citizen this morning. 'Like others I know I had been hunting between the lines for the answers. I had studied about little minute details of the pictures and had hunted for hidden things in the coupons. Now I realize that I am to study the picture as a whole and to find the name of a book that fits the picture.'

The quality of the candlestick in picture No. 24, the cloth of the gown worn by the woman in picture No. 16, the food or drink on the table in No. 20, the 'owl' in picture No. 5 have nothing to do with the real answers to these pictures. This isn't a 'puzzle' contest. Each picture represents the name of a book. The contestant names the book and its author. Each contestant may have five chances on each picture using separate coupons for different answers.

It is just as easy to start now in the contest as it has been at any time. A lot of people started yesterday. Get the back coupons and catalogue at this office. Before you realize it you will have solved the pictures already printed and will then be ready for each day's picture.

The contest will continue all through April so you have plenty of time if you start now. Ask your friends about it. They are 'in.' You will be welcome.

## Advocate Booklovers' Contest Prize Picture

WHAT BOOK IS MEANT BY THIS PICTURE?

COUPON NO. 44

Newark Advocate Booklovers' Contest

Title .....

Author .....

My Name .....

My Address .....

(44) APRIL 1, 1914. (44)

Clip out your coupons neatly, and fill them out clearly and plainly, remembering that in the event of a tie for any prize between two or more contestants, neatness and clear writing will win the judges' favor. The picture is to be a part of the coupon. Do not detach the coupon from the picture.

Send no answers whatever to the Advocate until the contest is ended by the publication of Picture No. 70. Any answers received before that time will be destroyed and will not be counted. Read the rules carefully.

### Rules of the Booklovers' Contest.

Any person may compete in this contest who lives either in Licking, Delaware, Knox, Coshocton, Muskingum, Perry, Fairfield or Franklin counties, Ohio, except employees of the Advocate or members of their families.

Answers to the picture must be written upon the coupon blank which will be printed every day with each picture during the seventy publication days the contest will last. Both picture and blank must be clipped from the paper, and the blank properly filled in with the name of book and the author's name together with the name and address of the contestant written clearly and plainly in the space provided. Not more than one person's name may be written on any coupon.

Each picture will represent the title of only one book, but there may be some pictures that suggest the title of several books. For the benefit of contestants, and to allow for this variety of solution, any contestant may give as many as five answers to any picture, at will; but not more than one solution may be written on any coupon. If the contestant gives two answers as likely to include the correct one, two coupons must be used; if three answers, three coupons, and so on.

In each instance, whether the contestant gives one answer or five answers to any picture, both the picture and coupon must be used for each of the answers; and not more than five answers to any picture will be permitted.

If any one of the five answers that may be given to any picture is correct, the contestant will be credited for the correct solution and will not have the incorrect ones counted against his or her chances. Prizes will be awarded to every contestant, by the Contest Judges, who sends in the largest number of correct answers upon the smallest number of coupons. Thus, if a contestant gives the correct answers to 70 of the pictures and uses only 70 coupons, that contestant will rate higher in the prize awards than one who uses 140 coupons or any higher number up to 350 for supplying the 70 correct answers.

If two or more persons, supplying the same number of correct answers, have used the same number of coupons for their answers, the highest rating will be given to the one whose answers are most neatly prepared, in the opinion of the judges.

No contestant will be allowed to submit more than one set of answers, which must include not less than 70 or more than 350 coupons, with accompanying pictures.

Positively no solution may be sent in to the Contest Editor until every one of the seventy pictures has been printed. Answers in complete sets, as just specified above, will then be received in this office and should be addressed to "Contest Editor," Booklovers' Contest, Advocate, Newark, Ohio. The award will be made strictly according to the correctness of each set of answers, and the correctness shall be determined by the Finding List, the catalogue issued by us as govern-

ing the Booklovers' Contest. This catalogue can be obtained from the Advocate office for 25c (27 cents if by mail), and will include in its 5000 titles every one used in the contest. Awards will be announced in this newspaper after the close of the contest.

It is not absolutely necessary to send in solutions on blanks clipped from the Advocate, as duplicate pictures may be drawn by the contestant, if he or she so desires, or duplicate blanks may be obtained at the office of the Newark (Ohio) Advocate.

### BIG EATERS GET KIDNEY TROUBLE

Take a glass of Salts before Breakfast if your Back hurts or Bladder bothers you.

The American men and women must guard constantly against Kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid on stomach, or you have rheumatism when the weather is bad get from your pharmacist about four ounces of Jad Salts; take a teaspoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make flushing any time.

### MILLIONAIRES ARE HARD HIT BY WARNES LAW

ASSOCIATED PRESS TELEGRAM

Columbus, April 1.—(Cleveland) Millionaires other than John D. Rockefeller, who escaped to Tarrytown, are awakening to the fact that the Warnes law is no idle dream. What is true with the Cleveland rich men also is said to be true with other large holders of wealth in the state.

Out in Bratenahl, Cuyahoga county's colony of millionaires, land and building valuations have been increased by the deputy assessors \$3,460,000 over the 1913 appraisement.

The total land and building valuations in this taxing district have been placed by the assessors at \$6,000,000. The value in 1913 was \$2,540,000.

The general instruction of the state tax commission is that rates of value are not to be disturbed except where glaring inequalities are apparent or where tremendous increases have been made in valuations by gains in population or other similar conditions. This order was given to

district assessors in every county at the outset of tax-drafting time.

District Assessors Agnew and Jachler of Cleveland reported to the tax commission yesterday that on estate in Cleveland which never had listed any property for taxation before was forced to make a return for 1914 of \$152,000 for 1913 of \$130,000, for 1912 of \$120,000 and for 1911 of \$115,000, a total of \$517,000. Under the old system of appraising property by the elective assessors this property had been overlooked by the failure to file an inventory in the Probate court.

ASSOCIATED PRESS TELEGRAM

New York, April 1.—The crews of the twelve tug and steam lighters that handle freight in New York harbor for the Baltimore and Ohio railroad, struck yesterday for shorter hours. The captains and engineers

did not join the strike and the railroad's marine department said that the movement of freight was not delayed and that conditions would soon be normal.

Protestants of the United States gave \$16,398,000 to foreign missions in 1913.

## THIS MONEY REMEDY GREAT HEALER

For a number of years I was troubled with my kidneys, condition so serious that part of the time I was unable to walk. I tried several remedies, also different physicians without relief. At length Dr. Kilmer's Swamp-Root was left at my house. I commenced to take it and continued it until I had taken several bottles and now I am cured. Am sixty-two years of age and able to work every day. I attribute my cure to the use of your Swamp-Root.

My wife also was cured by Dr. Kilmer's Swamp-Root. Symptoms were very serious, including hemorrhages, great pain and distress. I commenced giving her Swamp-Root and it was just as healing in her case. We can heartily recommend your Swamp-Root to all kidney sufferers.

Very truly yours,  
H. C. GRIFFITH,  
Mexico, Texas.

Subscribed and sworn to before me, a Notary Public, this 8th day of April, 1912.  
T. BENNETT,  
Notary Public.

Letter to  
Dr. Kilmer & Co.,  
Binghamton, N. Y.

Prove What Swamp-Root Will Do  
For You.

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the Newark Daily Advocate. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

### BOXER MAY DIE.

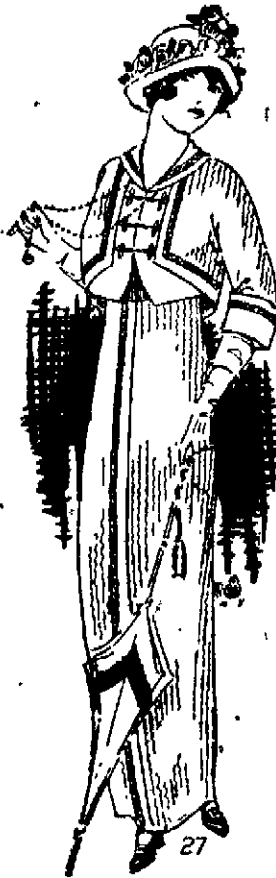

(Associated Press Telegram)  
Atlanta, April 1.—Physicians today said recovery of James Grant, local bantamweight boxer was doubtful, after his bout here last night with John Eggers, of New York, who was taken to police station after the fight. He was released early today, however.

Grant collapsed in his corner after 10 rounds of punishment and since has been unconscious.

## \$25.00 SUIT AT DAVIES FINE PRIZE

Some lucky contestant in the Advocate Booklovers' Contest will be the proud winner of a beautiful spring suit valued at \$25.00.

This garment can be selected from any of the hundreds of styles shown at the T. L. Davies Dry Goods Store. This store has rapidly gained the distinction of showing the cleverest styles and largest assortment of ladies', misses' and children's ready-to-wear garments in the city.

Their cloak department is one hundred feet long, situated in the rear of the main floor. Here one may revel in the hundreds of new styles that are on display. Inter-

mingled with our own good American garments are clever adaptations from the famous French designers, which have a snap and dash that make them distinctly individual.

The most discriminating buyers have placed their stamp of approval on Davies garments and it will pay every woman to at least look there before making her spring selections.

A large force of courteous salespeople, competent in every way, are always glad to show you the new things, whether you wish to purchase or not. Another good feature of this store is their daily store news that appears in this paper on page two, right next to the contest pictures. You will find it both wise and profitable to read it every evening.

## Contest Editor's Query Column

The Advocate will be glad to answer all legitimate questions regarding the contest through the Contest Editor's query column. Questions may be sent by mail or telephone but the answers will be printed in this column so that no contestant will have any advantage over another.

H. W. S., Delaware—Particulars of the contest will be mailed to you tonight. You may enter now.

Tobacco—If you will tell how and when you sent a dollar to this office the matter will have prompt attention.

C. B. G.—This is not a "puzzle contest." Please see Tuesday's Advocate. It is not necessary to turn a picture upside down to get the answer.

Inquirer—"Solution company," advertising in the Newark American-Tribune to furnish probable answers to the Advocate contest pictures, gives no name but asks to be addressed "Box 111, Newark, O." The Advocate has declined to publish advertising submitted by those who offer probable answers for sale. Those who offer probable answers do not know the answers to the pictures but are simply offering to sell their judgment of the pictures. No matter how many probable answers you see, use your own wits and your own judgment in filling out the coupons. See all the probable lists—those posted in Newark store windows and those published by the Newark Electrical Co. and by "Solution Company." If you want to but when you fill out the picture coupons use your own good judgment.

B. C.—The missing coupons will be supplied. You can get extra coupons here any time during the contest.

M. V. C.—If you submit 5 answers to one picture you may still submit one, two, three or four answers to any or all the others.

A. B.—Your question was answered in yesterday's paper.

M. A. B.—Of course it is all right for you to meet in groups and discuss the pictures each one suggesting suitable answers. By giving your friends the benefit of your ideas they will be glad to help you.

## The Courts

**Juvenile Court.**  
Alonso Wiscup, oil and gas well constructor, was sentenced to three months in the county jail and to pay court costs, when arraigned in Juvenile Court Wednesday on the charge of non-support of his minor children.

Judge Hunter suspended the jail sentence so long as Wiscup continues to pay into the county treasury \$2.25 weekly for each child's maintenance. The children were ordered taken to the county Children's Home. At present they are exposed to the nuptials, and they were kept out of the institution until a safe time to admit them. The children have been in the custody of acquaintances of the family. They are: Clarence, aged 8; Ada, aged 6 and Alice, aged 2. Mrs. Wiscup is said to be in Bainbridge, O.

**Divorce Petition.**  
Because his wife, Margaret, would leave home and stay for several days at a time, was quarrelsome and abusive so that they were compelled to live apart most of the time, Koris Domokas wants a divorce from her. Domokas alleged all this in his petition filed in probate court Wednesday by Attorney J. W. Horner. They were married Dec. 15, 1909, and have no children.

## SAGE TEA TURNS GRAY HAIR DARK

It's Grandmother's recipe to bring color, lustre and thickness to hair when faded, streaked or gray.

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray, streaked and looks dry, wispy and scraggly, just an application or two of Sage and Sulphur enhances its appearance a hundred-fold.

Don't bother to prepare the tonic; you can get from any drug store a 5-cent bottle of "Wyneth's" Sage and Sulphur Hair Remedy, ready to use. This can always be depended upon to bring back the natural hair and remove dandruff, stop scalp itching and falling hair.

Everybody uses "Wyneth's" Sage and Sulphur because it darkens naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair taking one small strand at a time, by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy, lustrous and abundant.

## BOY FALLS FROM TRAIN AND MAY DIE

Rolla Rhodes, 19, son of Robert A. Rhodes of Columbus, is in a critical condition at the Newark Sanitarium, from injuries received in a fall from a B. & O. passenger train near Black-Lick about 10 o'clock Tuesday night. He suffered a fracture of the skull and Drs. Shlirer, Anderson and I. R. McClure removed seven splinters of bone from his brain in an operation performed about midnight at the Sanitarium.

According to the story related by Rhodes' four companions they were all boys from Columbus. The quietest had money enough to purchase four tickets and the victim of the accident agreed to ride the blind baggage.

When the train neared Black-Lick, Rhodes lost his hold and fell between the cars, striking his head on a cross-tie. He was placed on board an East Bound Pennsylvania train, reaching Newark at 11:05 Tuesday night and was rushed to the Sanitarium in the Bazler & Bradley ambulance.

At the Sanitarium this afternoon it was stated that the young man was in a serious condition with the probability that his injuries would result fatally. His father is at the lad's bedside.

## HAS BROKEN JAW BUT SAVES LIFE; FALLS 30 FEET

In the collapse of a stone side wall of the old McMillen barn, rear of West Main street, between Twelfth and thirteenth streets, Wednesday forenoon, James Myers, of Myers brothers, contractors, from Clay Lick, escaped death under the mass of stone only by his presence of mind. He sustained a broken jaw.

Myers brothers were engaged in razing the old barn, for J. P. Lamb, owner. The injured man was loosening a beam on the top of the wall when the stonework, many years old, gave way. Instead of jumping, Myers rode the beam for the length of his fall, a distance of thirty feet, alighted on his feet and they fell on his side striking a piece of timber which fractured the left cheek bone just below his eye. He also suffered a few cuts and bruises in the fall. A physician set the fracture.

## FIGHT AGAINST GUNMEN BEING MADE BY POLICE

(Associated Press Telegram)  
New York, April 1.—In the campaign to drive gunmen from the city, Chief Police Magistrate McAdoo has asked the help of Governor Fielder, of New Jersey, with the view of having laws passed in that state which will prevent the purchase there of weapons for use here. Correspondence made public today promises to lead to suitable enactments in New Jersey.

Mr. McAdoo announces his intention to urge similar laws in Connecticut.

## WARD DICKERS WITH CHICAGO OVER SEASON

(Associated Press Telegram)  
Chicago, April 1.—Robert B. Ward, president of the Brooklyn Federal League club, arrived in Chicago today to settle the case of Tom Seaton, a pitcher, with Charles Weeghman of the local club. It was said that Seaton probably would be returned to Brooklyn, according to the promise made Ward when he entered the league, or retained by Chicago in exchange for other players.

## Tuxedo—A Hit with the Hit-Makers

HUNDREDS of the snappiest ball players in the country—the clean-cut athletes who provide Americans with their greatest outdoor relaxation—enthusiastically endorse Tuxedo. This is the kind of endorsement that carries a convincing punch.

These men know that Tuxedo is a mild, pure tobacco, which can be smoked all day with pleasure. Tuxedo cannot bite the tongue; it burns freely and smoothly, giving a cool, sweet smoke.

## Tuxedo

The Perfect Tobacco for Pipe and Cigarette

From the scoreboard man to the magnate in the private box, everybody on the grounds is "catching on to" the supreme merit of Tuxedo.

Tuxedo is made from the finest, mildest leaves of high-grade Burley tobacco, so treated under the famous original "Tuxedo Process" that it burns slow and cool, with a delightful flavor and aroma.

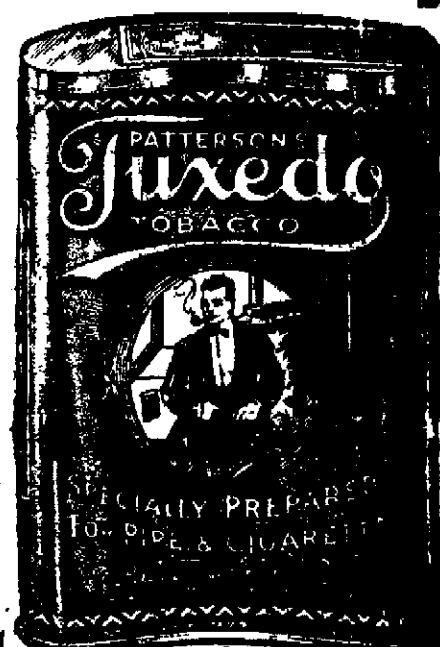

The "Tuxedo Process" makes it impossible for this perfect tobacco to bite or sting the most delicate throat or tongue.

Tuxedo has many imitators—in outward appearance. It has no equal in the pipe or cigarette.

## \$82.00 THORNHILL WAGON BOOKLOVERS' CONTEST PRIZE

The best known materials—the labor of master workmen—the aid of the most ingenious modern machinery—have been employed to make the Thornhill wagon.

The wheels are made with excessive care. For the spokes the manufacturers use the finest hickory—machine driven to insure the right dish. The hubs are of oak, thoroughly seasoned and banded with double refined saddle iron.

The bolsters are of the best white oak. They have an iron plate at top and bottom, riveted through and through—multiplying their strength.

The "Thornhill" has a malleable front board plate that is braced to the bonnets at all points. This is an exclusive "Thornhill" feature. It prevents the gears from ever getting out of line and causing hard pulling.

"Thornhill" wagons are equipped with long sleeve malleable non-breaking springs that insure light running and outlast any other spring. Each spring is fitted to its axle with a DeLafayette machine—infinitely accurate. This machine insures the

right pitch and tuck, makes light draft a certainty.

The axles are of toughest hickory—the steel axles of the best refined steel.

The sides of "Thornhill" beds are made of poplar, at costs the makers more—but it holds paint better and gives better service.

This splendid \$82.00 Thornhill wagon is a big prize in the Advocate Booklovers' Contest that every farmer is interested in getting. It was purchased from Phalen & Cunningham and can be seen at their big implement store at 71 East Main St.

In addition to Thornhill wagons, Phalen & Cunningham carry in large quantities the Union City and Post Bros. Wagons, Oliver No. 11 Sulky Plows, Indiana Sides, Superior Grain Drills, Decring Binders and Mowers, Milwaukee Binders and Mowers, H. C. Gas, Gasoline and Oil Burning Engines, I. H. C. Low Left Mower Spreaders, Mc Laval Cream Separators, and Buckeye Fence. They will give you the best of treatment and it will pay you to see them.

Hundreds are anxious to win this splendid "Thornhill" wagon prize.

### The Warnes Law

(Ohio Farmer.)

In this and in several other issues we have given space to writers who have desired to express themselves relative to the new law under which property is assessed for taxation in Ohio. Every citizen of the state should be interested in the subject of taxation. Farmers have felt that they were paying a larger tax than they should pay, and they are right. Many have sent us their figures showing that they are paying considerably more in taxes than they did a few years ago on the same property. Naturally they are jealously guarding against anything that will increase their tax burden. Farm lands have been appraised, often, at a figure which is more than they are worth, the underlying idea being that the levy would be correspondingly decreased. But the total tax paid shows a decided increase in many instances. The idea of the Warnes law is that, by appointment, a system of assessment can be built up that will be more effective than the elective system was. The returns indicate that personal property in towns and cities is being appraised for taxation at a much higher value than ever before. Now, it is planned to reduce the tax rate accordingly, and in that event the taxes on farms and other real estate should be lower. As one of the writers in this issue points out, the property of farmers has already been listed at its full value (sometimes more) and nothing should be done to interfere with a plan that will result in corresponding increases on other property—especially on personal property which, in many cases, has been paying no tax at all. The farm land owners of the state will be served better when there is a fair representation of farmers on the county boards of complaints, as provided by the law. It would seem to be wise to give the Warnes law a fair trial.

### Opposition To Governor Cox Is Losing Ground

Whitacre's Boom is Not As Formidable As It Looked At First—People Like Tax Law—Fight Against It is Disappearing Since Its Good Effects Are Being Shown.

(Columbus Dispatch.)

The political horizon is clearing for the state administration. Reports from astute observers in all parts of the state indicate this. The boom for Congressman John J. Whitacre, who is opposing Governor Cox for the Democratic nomination for governor has, unmistakably, taken a decided slump, and, naturally, this has caused much elation among the friends of the governor.

At the outset Whitacre looked formidable. Letters were given out by the Canton congressman from a number of Democrats in various parts of the state who declared they preferred him to Governor Cox, and each writer declared his sentiments typified those of most of the rank and file of the party in his neighborhood. When it became known that these letters were written in nearly every case by persons who had either failed to get offices for themselves or for friends under the state administration and who were desirous of discrediting the governor, they failed of their purpose.

The friends of the administration are asking what Congressman Whitacre has done to warrant the party in giving him the Democratic nomination for governor. Whitacre has admitted that he has accomplished very little in congress. In the governor's office, to which he paid periodical visits until after Governor Cox made some appointments which did not suit him, Whitacre made the statement to a newspaper man in an interview last winter, that it made little difference whether he was in his seat in congress or not, so far as influence counted.

There is a change of sentiment relative to the Warnes taxation law and this is helping the governor. The attack on this law by the Republicans and the manner in which it has been misrepresented by tax dodgers, has caused apprehension in the minds of many persons who have made fair returns of property for taxes in the past and who were led to believe they would be mulcted by the new law.

They are finding out that the law, instead of hurting them, will prove to be a benefit to them by compelling dodgers, wealthy and otherwise, to bear their just share of the burden of taxation. So many who were against the governor on this account, now that they know the law is fair, have changed their attitude, and are for him.

Governor Cox is having good meetings these days. He always manages to win his audiences. He always asks his enemies who attack him and his progressive laws what particular law or laws they would repeal if they should get into power, and so far they have not indicated what legislation they would repeal. They attack the Warnes law, but do not say they would repeal it. The Democrats will be helped again this year, as they were two years ago, by "the impassable gulf" which John L. Sullivan, leading Bull Moose and master of chaste and forceful English, declares exists between the Republicans and the Progressives and which being impassable, as a corollary, cannot be bridged over. They will also be helped by the schism in the Republican ranks over the selection of a candidate for governor.

### All Fools' Day

The modern custom of sending one upon a bootless errand on the 1st day of April is of uncertain origin. It is possible that it may be a relic of some old heathen festival. The custom of playing little tricks upon this day whereby ridicule may be fixed upon unguarded individuals appears to be general throughout Europe and of almost universal scope. In France one thus imposed upon is called "un poisson d'avril," an "April fish." In England and America a person is called an "April fool." In Scotland a "Gowk." It is curious that the Hindus practice precisely similar tricks during the Holi Festival which takes place about the time of the vernal equinox.

**Interest a Magic Multiplier.**  
"My first bank account was \$3.20. My first bank account was \$3.20 at the age of nine. I have saved ever since. I would be just as unhappy in not saving money every month as I would be in losing my chance for three meals a day. In fact, I should eat only two meals a day if it came to that deprivation to save money."  
—Wm. R. Compton, St. Louis.

Events of the year 1894 are yet fresh in the minds of many who are still young.  
If you had saved from that time \$5 a week at 4 per cent. compound interest, you could now enjoy an income equal to \$6 a week, and still keep your principal intact.  
For all-around productivity and safety the owner of a modest sum of money can find few, if any, investments equivalent to a savings bank account. An instance at Lowell, Mass., demonstrates the truth of the statement.  
On September 18, 1858, some person deposited \$100 in the bank and on July 16, 1893, another \$100. These are the only deposits ever made. On October 17, 1893, the account let alone for 40 years, had grown, through interest, to \$1,400.  
The depositor then drew \$100 and a week later \$200 more. He thus took out twice as much as he ever put in and still had \$1,000 on deposit to his credit.

**A Little Talk On Thrift**  
By T. D. Mac Gregor.  
This sum was allowed to remain and by November of 1911 it had become \$1,592. In June of 1912 the account was finally closed and the amount drawn was \$1,624. The depositor had put in only \$200, but he received it back and nearly \$1,900 more.  
His money always was ready for him. It could any day be paid in full. It was at work for its owner day and night, month after month, year upon year, and growing for nearly two generations. Without risk worth mentioning it had multiplied itself over nine times. The rate of increase at first was slow, but in the end nothing grows much faster than interest compounded.  
Another interesting case was that of a real estate deal in New York State recently which involved the satisfaction of a mortgage that had run for 51 years without any payment except for interest. The mortgage was given for \$1,000 in 1863. For thirty-three years interest was paid at the rate of seven per cent., and for the past 18 years the rate was six per cent. The total interest paid on the mortgage was \$2,350 and the principal of \$1,000 was still due. Nearly three and a half times the principal was paid and that too without reducing the original debt. The moral is obvious. Save your money and become a lender.

Outward Signs

A man may be a great physician, and have no hangdowns on his face, although for ages too tradition kept smooth-faced doctors in disgrace. The sawbones had to wear long aprons when he prescribed for fussy cranks, or he would shortly see his finish, and go to join the has-beens ranks. A man may be a noble poet, and have a hair-cut twice a year; though bards like hair, they need not grow it to advertise their business here. When minstrels sang in leafy arbors their pastorals, in olden times, they knew that visits to the barbers would knock them out of many dimes; but those have changed, and now the Milton may cut his hair and wear store duds, and prime himself for further lifting by eating porthouse and suids. A man may be a mighty painter, and yet resemble Grocer Smith; he need not wear a necktie quainter than Farmer Brown is toggled out with. And thus we see the world grows wiser, and men are judged by what they do; no more the grand stand advertiser can come and put his coarse work through.

### Flies Breed In Filth.

"If at first you don't succeed swat, swat again!"  
A mild winter and spring preface the early arrival of our bitterest enemies—flies—in vastly increased numbers. Immediate, well directed efforts must be put forth if the threatening dangers are to be minimized. The time to fight flies is before they become flies—when in the egg or when they are maggots.  
The problem of elimination of flies is one of elimination of filth. No filth, no flies.  
Flies breed in filth, play on filth, eat filth and distribute filth—the filthiest kind of filth too. If we do away with the breeding places of flies there will be no flies.  
Therefore the way to swat flies now is to clean up the fly breeding filth.  
Clean up, keep clean and see that your neighbors keep likewise, and you will have few, if any, flies to contend with. Of course have your swatter ready for the first arrivals.

### Tax Rates Have Been Sentenced to Tumble

(Cincinnati Enquirer.)

Just how it proposes to go about its task of seeing that the tax rates of the various taxing districts of the state are reduced proportionately to the increase in the duplicates, now being made up by District Assessors under the Warnes law, is told by the State Tax Commission in a lengthy statement. It invites the assistance and co-operation of the taxpayers themselves in what Governor James M. Cox has called a "crusade for economy."

The commission plans to give to the taxpayers in each district information as to what the rates should be so that the increased duplicates will raise as much money for public purposes as was raised in 1913. The County Budget Commissions, charged with the duty of fixing rates, will not meet until August, and meantime full information as to the duplicates can be prepared and made public.

In the work of bringing about reduced rates help of District Assessors will be sought. The commission is acting on the theory that if the taxpayers are given the information that they will themselves take care to inform the taxing officials that they desire lower rates. After the rates have been promulgated they will have to be submitted to the State Tax Commission, which will review them and suggest reduction if any are possible.

In this connection the commission cites the situation in 1910, when the added real estate valuations brought the tax rates tumbling. With much more personal property on the tax duplicates, the commission asserts, every tax rate in the state should drop. Explaining its position and its plans the commission to-day gave out the following statement:

"For 50 years there has been complaint that the owners of real estate were paying more than their share of taxes, and this was borne out by the finding of every Tax Commission that investigated the subject. We have had an excellent code of tax laws during the greater part of this time—statutes were strong enough to get the property had they been properly executed.  
"The tax laws were not executed. That caused the sore spots. They were not executed because we did not have an effective force of workers. Relying upon the electorate for their positions, the instinct of self-preservation prompted the assessors to wink at the tax laws and conduct campaigns for re-election in too many instances when they went around to list property for taxation. The Warnes law was enacted primarily to get an efficient force of deputy assessors.  
"This year the tax laws are being executed by the appointive assessors. The Warnes act did not create any new series or classes of property for taxation, it merely created a body of men to enforce the laws already in existence. Sufficient returns have been received on the work of the deputy assessors in the counties to convince this commission that several hundred million dollars of personal property will be played on the tax duplicate this year for the first time. It is property that should have been taxed under the old laws, in prior years, but was not because each person knew his neighbor would not return all of his intangible property. Realizing that the law would be enforced this year, and that all would be treated alike, the people have responded generously with their hitherto untaxed personal assets.  
"The property owners have demonstrated that they will be honest and fair in taxing affairs. They have a right to expect the same treatment from the rate makers now that they are doing their part toward equalizing the taxes between real estate and personal property owners.  
"Increased duplicates are certain; reduced tax rates should follow. Governor Cox says they must be lowered, and this commission has been ordered to see that the desired result is achieved.  
"In its campaign for lower rates the commission believes that all elective officials know the power of the ballot box. Tax rates in the different counties are fixed by the Budget Commissions, which are made up of elective officials. The first step in the rate lowering campaign, then, is to turn the searchlight on the man who makes up these Budget Commissions, for they are big and important men in taxing affairs. In the counties where the taxable property in cities and villages are larger than in the townships the Budget Commission is made up of the County Auditor, Mayor or of the largest city and City Solicitor. Where the country duplicate exceeds the city duplicate the rates will be made by the County Auditor, Mayor of largest municipality and President of the Board of Education to the largest city.  
"These men meet in August to make the rates, and under a recent amendment they will base the rates on the 1914 duplicates. Prior to that time the rate makers and the people in every county will be informed of conditions under the following plan:  
"Figures will be compiled in this office showing the 1913 valuation, rate and amount of money it produced in each taxing district in the state that year, also the 1914 valuation, together with the rate that will produce in 1914 the same amount of money that was raised in 1913. These will be given the proper Budget Commissioners, District Assessors, and wide publicity will be given the figures. Public sentiment will win any obstreperous public officials. In addition, local taxing officials will be directed to go to the source of all rate making—the various local governmental units from which demands for money are made—to get enlistments for the rate lowering campaign.  
"The rates once made must be submitted to the State Tax Commission. The members of it are unanimously for reduced rates. Under the direction of this commission real estate values were tremendously increased in 1910, but the rates were lowered and the majority of realty owners paid less taxes. This result is pointed out at this time as an indication of what the commission expects will follow the tremendous increases of personal property and a lowering of rates."

## Society

Perhaps no event in the work of the women's clubs in Newark is more delightfully prepared or more enthusiastically received than the annual president's day which is a precedent with the Progressive club. Always the new officers are installed, an entertainment given and a banquet served, and this year the day is being observed when the club members and about thirty-five guests assembled at the home of Mrs. Charles Wesson in Hudson avenue, this afternoon.

The incoming officers were obligated and assumed their duties, and the business of the club was followed by the entertainment. The Progressive club took the initiative several years ago in the production of a play on the annual president's day, and it has become a matter of complete dramatic success.

In the club membership are many possessing more than usual histrionic ability, and the playlets given have been decidedly clever. Always bordering on the farcical, the comedy has been charmingly given, the characters depicted with professional ease, and the whole proven a medley of mirth. This year, as for several years past, Mrs. U. O. Stevens has been chairman of the producing committee and to her ability, in a great degree is due the success of the entertainment. This year Mrs. Stevens selected "The Color Suffragettes."

Preceding the play a monologue "Breaking Up a Match" by Dorothy Dix was given in black face by Mrs. U. O. Stevens. Following the monologue was a short story, also given in black face by Miss Mary Owen, entitled "The Cooked Mashed Potato Family."

Then followed the suffragette playlet with the leading part taken by Mrs. Stevens. The character names ludicrously selected follow. Mrs. Simon Pure, the Suffragette Leader, and her disciples, in the work of securing "equal rights for women," Miss Tack; Miss Hupp; Miss Cue; Miss Rosie; Miss Lillie White, Mrs. P. Ann; Mrs. Welland Strong; Mrs. Kodd; Mrs. Fine N. Dandy; Mrs. Mack N. Tish, and the Janitor.

These parts were given by Mrs. Charles Allen, Mrs. U. O. Stevens, Mrs. William Zentmyer, Mrs. W. J. Eade, Mrs. Charles Smith, Mrs. Merrill Montgomery, Mrs. Grove Montgomery, Mrs. Frank Johnson, Mrs. Charles Wesson, Mrs. Harry P. Scott, Mrs. Fred Woodbridge, Mrs. Frank Windle, Misses Ruth Zentmyer and Mary Owen. The program concluded with two darkey songs.

Following the annual custom then a four course dinner was served. One table known as the "President's Table," seated the new president and all past presidents who had served and the members and guests were seated at small tables. The color tones for the room were pink and white. Mrs. Frank Johnson was toastmistress for the occasion and the following toasts were given:

Our President—Mrs. Merrill Montgomery.  
Our Club—Miss Ruth Zentmyer.  
Our Guests—Mrs. Charles Allen.  
Our Hostess—Mrs. F. M. B. Windle.  
It has been customary with the club for each member to bring a guest to the concluding meeting and about fifty women were entertained at the home of Mrs. Wesson on Wednesday.

Miss Emma Moorman entertained a number of friends at her home in Evans street. The evening was spent in music and games and at a late hour a two course supper was served.

The guests were Misses Mary McGilton, Hallie Rector, Marie Buckingham, Anne Crist, Margaret Crist, Marie Hayes, Ethel West, Oral Flanagan, Nellie Flanagan, Nellie Smith, Toney Powless, May Tucker, Iola Hartman, Myrtle Bryson, Mary Richards, Florence Buckley, Minnie Richmond, Georgia McElain, Leota Moorman, Messrs Jack Reedy, Edward West, Walter Place, Arthur Place, Louie McDonald, Roland Crist, Daniel McGinley, John McNamara, John Sproule, Carl Davis, Oscar Thompson, Roy Moorman, Leroy Walker, Burnett Kennedy, Clyde Arnold, Foy Neff, Robert Weir, Donald Neff, Mr. and Mrs. Neff and son Byron of Cuba, O. Mr. and Mrs. Will McElwain and Mr. A. O. Moorman.

Mrs. A. H. Marple was surprised in her home in North Fourth street, Tuesday night, by a dozen of her friends who came en masque costumes. The evening was spent with an informal program of readings and music, including a solo by Mrs. Haughey. The party concluded with dancing. Refreshments were served. Those present en masque were Mrs.

### CATARRHAL TROUBLES

Mr. William Kaufman, 3040 Westworth Ave., Chicago, Ill., writes: "A few lines to the praise of Peruna. A few years ago I contracted a severe cold, which settled on my lungs, causing a severe case of catarrh. After using a number of bottles of your valued remedy I am now enjoying the best of health. Certainly Peruna has done more for me than several well-known specialists have done. It will always have my praise."

Marlah Wilkin, Mrs. Belle Grill, Mrs. Haughey, Miss Minnie Wilkin, Mrs. Fred Sunderland, Mrs. Eve Peuteh, Mrs. Minnie Hoover, Miss Louise Andrews, Mrs. Smith, Mrs. Green and Miss Hattie Wilson.

Messrs. Paul and Chedwin Jury and sister Reba delightfully entertained the members of the True Builders at their home south of Jacksonton on Saturday night. Games and contests were enjoyed, and the following interesting program was rendered:

Piano solo, The Dying Poet—Helen Wallace.  
Reading—Walter Orr.  
Vocal solo, When the Bells in the Lighthouse Ring Ding Dong—Emma Daily.

Reading—Edith Taverner.  
Piano solo, Home, Sweet Home—Reba Jury.

Male Quartet, Where the River Shannon is Flowing—Dwight Griffith, Kirby Clemm, Walter Orr, Dwight Winco.

After the program a delicious luncheon was served by Mrs. Jury, assisted by Mrs. Daily, to the following members and guests: Misses Mary Osburn, Susie, Edith, Hazel, and Ethelwyn Davis, Fannie and Grace Gray, Edith Taverner, Jessie Dushimer, Helen Woolard, Anna Daily, Laura and Charlie Beard, Mabel and Helen Wallace, Verna Miller, Helen Lewis, Messrs. Dwight Winco, Henry Etnier, Walter Orr, Angus Stoler, Kirby Clemm, Herbert Woolard, Dwight Griffith, Emmett Orr, Freeman Dushimer, Clement Frymote, Bryan Harter, Ralph Davis, Paul Bailey of Meadville, Pa., Allan Crow, of Columbus, Mrs. Eva Daily, Mr. and Mrs. T. C. Jury.

The Unity Reading Circle of the D. of A. will meet tomorrow night in the home of Mrs. Preston, in Buckingham street.

The annual business meeting of the Review club which had been postponed from Saturday was held on Tuesday evening at the home of Mrs. Charles Spencer in Granville street and resulted in the following election of officers for the coming year.

President—Miss Genevieve Farry.  
First vice president—Mrs. W. D. Fulton.  
Second vice president—Miss Ida L. Wiegand (re-elected).  
Recording secretary—Mrs. Mary H. Wein (re-elected).  
Corresponding secretary—Miss Alice Ashbrook.  
Treasurer—Mrs. Oren J. Barnes (re-elected).  
Librarian—Mrs. Eliza J. Rankin (re-elected).  
Auditor—Mrs. Ida Chase.

A miscellaneous shower was given Mr. and Mrs. Claude P. Ruff at their new home in Irwin avenue on Monday night. A pleasant evening was enjoyed by all present. Many beautiful and useful presents were received and the following persons were present: Mr. and Mrs. Grimes, Mrs. DeWalt, Mrs. Lawrence, Mrs. David Evans, Mrs. John Brodbeck, Mrs. Lewis, Mrs. Herndon, Miss Elsie Herndon, Helen Herndon, Mrs. Harman Morris, Mrs. Braden, Mrs. Paul Braden.

Misses Bessie and Nellie Hamilton entertained with an enjoyable birthday surprise on Saturday evening in honor of Mr. Arthur Kennedy. The evening was informally spent and a delicious luncheon was served the following: Miss Frost, Miss Myers, and Miss Dora Hines, Messrs. Frank Starr, Earle Hoopman, and Paul Foster.

The Otterbein Guild of the East Main Street U. B. church will meet Thursday evening at 7:30 at the church. Any gift in the city over 14 years of age is welcome.

## Capes for the Ladies Now.

The cape has arrived. As early as last winter there were forerunners of it in the fur stoles which more nearly resembled capes than neck pieces, but the more conservative of the couturiers were reluctant to predict them. There is no doubt now that they are here to stay as evidenced by the sketch, snapped along the Riviera where the advance fashions of the world are displayed.

What could be prettier? They smack of the military, beloved of all women, yet are so thoroughly feminine, made of the soft, rich silks and satins to wardrobe will seem complete without one.

As shown in the picture, the capes are cut about circular lines, extremely short in front, gradually lengthening until the full length of the gown is seen in back. The lining, which plays an important part in the general effect, is usually a contrast in color to the cape itself. The cape here shown was made of clinging black satin, the material of the gown, the lining being an exquisite shade of rose, which made a pretty background for the gown itself and the flesh colored bodice.

The small black hat, with its band of jet and slender fancy projecting from the center of the crown, is extremely smart. Do not be surprised at the fur. They are to be worn late in the season this year and why not? They certainly enhance the costume and surely in the late afternoon or early evening their warmth will be appreciated, for there is very little warmth no matter how voluminous the folds of a silk or satin cape.

## LITTLE DISCUSSIONS OF LOVE AND MARRIAGE

BY BARBARA BOYD

### The New Bride's April Fool Joke.

The New Bride, as she planned the menu for dinner, was smiling. "I think I'll have some fun with John tonight," she said to herself.

So that evening when John arrived, he found an apparently cheerless house. No light greeted him in the hall, none in the dining room, none in the kitchen. The range was cold and empty. For an instant an icy hand gripped John's heart, as he thought that something must have happened to Alison. Three steps at a time he bounded upstairs and saw a form lying on the bed.

Almost afraid to speak, he said, "Alison."

The figure slowly turned, stretched, yawned. "Is it time to get up?" murmured Alison.

The reaction was so great, John leaned rather limply against the doorway. "Get up?" he said. "It's dinner time."

"Dinner time? Mercy! Why I have slept all the afternoon."

"Isn't dinner ready?" growled John, his fear gone and hunger asserting itself.

"It won't take me long," said Alison, sweetly.

While Alison got dinner, John outwardly fussed, irritable at having to wait; though inwardly he thought every now and then with a pang, "Suppose Alison had been sick,—or dead!"

"What in the world is the matter with this soup," he growled; at the first taste.

Alison looked apprehensive. "Oh, I have it too salty," she said, penitently. She hurried on the next course.

"Heavens!" exclaimed John, swallowing hard. "You've fixed this meat. You've sugared instead of salting it."

"I sure must have been rattled," laughed Alison. "I guess it is because I hurried so." She produced the dessert, a delicious-looking pie. But alas, the first taste filled John's mouth with cotton.

"What in the dickens have you got in this?" he asked with exasperation, as he tried vainly to chew.

Alison could restrain herself no longer. She laughed till the tears came into her eyes.

"I don't see anything funny," growled John, eyeing the queer-looking mess he was pulling from between the pie crusts.

"Dear, don't you remember this is April the First," said Alison, stealing around and kissing him. "Now I'll give you a real dinner."

And forth from the oven she produced a meal fit for a king.

"I think it is fun to break the monotony with a joke now and then, don't you?"

"Well, perhaps," admitted John, his good humor returning as he saw his favorite dishes. "But do you find life monotonous?"

"No, I don't let it get monotonous. Don't ever let's get so proud and dull that we can't relish a joke or celebrate an anniversary."

"You wish," said John, pulling her down on his knee and kissing her. "But don't you give me such a fright as you did tonight when I came in. For a minute I didn't know but that you were sick or dead."

"Well, you appreciate me all the more," laughed Alison.

"How could I?" replied John. But all the same, he knew that that one brief moment, when he glimpsed what life without her would mean, seemed to strengthen a hundred-fold his love and tenderness for her.

And when later in the evening, the neighbors trooped in and they all had a jolly April Fool party, he concluded April first was, after all, a red-letter day on the calendar.

You may be overworked or have had a bad cold which has left you without strength, ambition or much interest in life; in fact, you are all run down.

Let us tell you that Vinol, our delicious cod liver and iron tonic, is just the remedy you need to rebuild wasting tissues and replace weakness with strength.

A prominent Boston lawyer says: "My mother, who is 76 years of age, owes her good health to Vinol, as since taking it she can walk farther and do more than she has for years."

I consider it a wonderful blood-making and strength-creating tonic.

"We have such faith in Vinol that if it does not quickly build you up, restore your strength and make you feel well again, we will return your money. Try Vinol on our guarantee."

## MUSIC

WILL BE A FEATURE OF THE  
AUTO SHOW WEDNESDAY  
AND THURSDAY NIGHTS.

Opinion That the Newark Exhibit  
Outclasses That of Columbus—  
Notes of the Exhibition.

Orchestral music will be the feature at the automobile show this evening and Thursday evening, the music being donated by those having the success of the show at heart. Tonight Emmett McDaniels, the restaurant proprietor will move his piano out into the Arcade beside the entrance to his restaurant, and a four-piece orchestra will sit in one of the cars and discourse music during the evening. The McDaniels' orchestra is well-known to many persons who will be delighted to hear it.

On Thursday night Mr. W. J. Eade, the promoter of the exposition will donate the music and has secured the high school orchestra to give a concert.

On Tuesday night in spite of threatening weather there was a constant stream of people passing through the Arcade, looking at and admiring the various cars on exhibition, and it is expected that the crowds will increase as the show proceeds. Several of the dealers have put in new cars, and it is probable that factories will send men to aid the local men in explaining the different makes.

An expert demonstrator from the Racine, Wis., factory came to Newark today to give the fine points of the Mitchell car exhibited by Hare & McDaniels, the local agents.

A typographical error in Tuesday's Advocate stated that the Mercer car had made a record of over 400 miles at an average rate of 772 miles an hour.

The agent says that even his elegantly appointed car has not yet attained this lightning velocity, and it may be stated that the decimal point was omitted and that it should have read, "seventy-seven and two-tenths miles per hour."

"The Newark auto show is surprisingly good," said a well-known Newark manufacturer last night after he had made a tour of inspection. "I visited the Columbus automobile show recently but Newark beats it in every way and there is this advantage, too. The cars here are all arranged under one roof and the splendid light makes it a pleasure to visit the show in the evening as well as in daytime."

One of the local exhibitors made six sales yesterday and another made two. Several of the others have many good prospects and altogether the outlook is bright for the automobile men here this season.

World's Work for April says this of the automobile industry:

"More than 1,000,000 motor cars are at present in operation in the United States. The population of the United States, speaking in round numbers, is 100,000,000. That is to say, there is one car for every one hundred people. When it is remembered that \$500 has been, until this year, the minimum price of an automobile and that in population men, women and children are included, it is evident that in no other field of industry has the American genius for distribution and merchandizing been more signally displayed than in that of the automobile."

Minimum, medium and high priced cars may be seen in Newark's auto show in the Newark Arcade this week. The show is free to everybody and competent men are in charge to explain the details of every car. The exhibit will continue through the week.

## WIFE PROFESSED LOVE FOR AFFINITY HUSBAND DECLARES

Patient Martin Brees lived with his wife while for seven long years she professed her love for another man who occupied the Brees home for lodging and meals, and when Martin said he didn't like that sort of thing, Mary simply told him to mind his own business, that he didn't have any say in the matter at all.

So Martin alleges in his petition for divorce from Mary, filed by Attorneys Smythe & Smythe in probate court Wednesday. Martin says they were married January 8, 1905, and that for seven years his wife neglected her marital duties, finally abandoning him in July last, and leaving the state for parts unknown, in November.

## POLICE CALLED TO QUELL RIOT IN EAST SIDE

Two Foreigners Start Disturbance  
Which Culminates in Serious  
Tangle of Affairs.

Police and assistants from the sheriff's office were called to the intersection of Mill and East Main streets early Wednesday morning to quell a small sized riot which developed when two foreigners taking the capital stock for both companies would effect a consolidation without the formality of application to the state utilities commission.

On the strength of these representations police took into custody the entire population of Newark thus affected would stir the situation into a climax.

Without hesitation the third party to the conspiracy promptly declared himself provincial president and with the aid of the military forces under his command proceeded to incite insurrection in neighboring provinces. As the companies marched forward the first, piloted by an American, sailed about 4,000 feet above the nearest competing balloon from the United States. The French and German aeronauts held close to the guard rail fourteen thousand troops citald.

Thus, it becomes evident that taxation without representation will mean insurrection throughout the foreign colony despite the general feeling that disorders of the animal kingdom are fast coming under the control of science, even though it is admitted that freak signs on the moon have nothing to do with the fact that this is the first day of April, which naturally leaves the question: Who is the bigger fool, the writer of this riot or the reader?

## LICENSE BOARD RESUMES CASE AGAINST BERA

The county board of liquor licensing commissioners prepared to resume the continued hearing of charges against Adam Bera, Wednesday afternoon, with prospects that the case would be concluded with this hearing.

Bera is charged with having made false statements regarding the financial interest in the ownership of his place of business in applying for license. The complainants are Attorneys J. H. Miller and S. L. James. Attorney J. R. Fitzgibbon represents Bera.

### Ohio Happenings

Fenner Robertson, Mt. Liberty painter, died suddenly of asthma, yesterday.

Harry Hess, 21, of Bladensburg, died yesterday after a week's illness of pneumonia.

Mt. Vernon's city council passed an ordinance closing a street to allow for the enlargement of the Mt. Vernon Bridge Works.

The Muskingum county jury, hearing the damage suit brought against the Guernsey county commissioners returned a verdict of \$5,000 for Mrs. Wilson who sued for the injury of her child in a bridge accident.

Willis D. Reed, 66, prominent in Zanesville, O. O. F. circles died yesterday of pneumonia.

C. L. "Dad" Hafner, 89, who was engineer of the first B. & O. train into Wheeling, died at Norfolk and was buried at Richmond, Va., last Saturday.

A pocket of cannon coal, said to be the best of that variety in the state was found in a canyon, 200 feet deep near Coshocton and arrangements are being made to develop the vein.

Mrs. Bertha Grove, seized with an attack of heart trouble on the streets at Urbana, died before a doctor reached her side.

The Avelon Oil & Gas company at Lancaster has sued for loss of an oil well caused by a fire started by a spark from a locomotive of the Cleveland, Akron and Cincinnati railroad.

Lancaster has entered into a two-year contract with the Logan company for a supply of gas at 18 cents. The city's contract under the rate of 17 cents expires May 1.

Ruce Patrick, 31, was killed by an Erie freight at Keaton. His head was severed from the body.

Canton's union carpenters will strike unless their demand for an increase of 10 cents an hour is granted.

Magistrate McCormick refused to issue a warrant in Columbus for the arrest of Probate Judge Black on a charge of trying to intimidate witnesses. The trouble results from a feud between Socialists and the judge.

The Columbus police department has added two motorcycles to its equipment. It now has 19 motorcycle cops.

John D. Kliner, 63, of Columbus, was found dying from a self-inflicted bullet wound in his head. Ill health is the cause assigned.

Mrs. Elizabeth Stewart once the wealthiest woman of Salem township near Urbana, has been taken to

the infirmary. Her fortune was squandered by her son.

Lee Ammerman, 63 attempted to operate upon himself for abdominal tumor at Dayton. He is dying.

Mrs. Frank Dunham, 31, died at Marysville of measles.

## PROGRAM FOR THE WEEK OF PRAYER

The week of prayer as outlined by the Ministerial Association committee will begin on April 5 and conclude April 11. All the meetings will begin at noon, and close at 12:25, lasting but 25 minutes. Each leader will have the privilege of using his time as he may see fit, but the committee has suggested, however, that each leader give at least eight minutes of his time to an address on "This Day in the Life of Christ." The following is the program for the week:

Monday—First M. E. church, P. E. Holloway.

Tuesday—Plymouth Congregational, W. D. Ward.

Wednesday—Central Christian church, C. G. Hazlett.

Thursday—First Presbyterian, G. A. Marshall.

Friday—All day, Second Presbyterian church.

Noon hour meetings have also been arranged for the East and West parts of the city, in which the several churches will unite. East part in charge of Charles Laughlin; west part in charge of C. C. Roof.

We recommend that a copy of this program be kept on file for reference in future years; that the all-day services be held in the different downtown churches, one each year until all have been served; that the full announcement of these meetings be made from the pulpits and that our people be urged to attend.

(Signed) THE COMMITTEE.

## PASSION MUSIC AT TRINITY CHURCH ON PALM SUNDAY

One of the famous musical compositions, setting forth the Passion of Christ and His Seven Last Words, will be sung by the choir of Trinity Church on Palm Sunday afternoon at the time of the regular Vesper Service, 5:00 p. m.

The work is probably the best known of Dr. Will MacFarland's musical compositions and bears for its title, "The Message From The Cross." In instrumentally and vocally, it is a vivid presentation of the last agonies of our Savior. It ranks along side of Stainer's "Crucifixion," Gault's "Passion Service," and Dubois' "Seven Last Words." Its exquisite harmonies, minor cadences and dramatic choruses are well worth hearing.

It will take the place of the regular service at 5:00 p. m. on Palm Sunday. There is, of course, no charge of admission. An offering, however, will be taken for the choir fund.

## 4 POLICE WOMEN ARE APPOINTED AT PITTSBURGH

(ASSOCIATED PRESS TELEGRAM)  
Pittsburgh, April 1.—C. H. Hubbard, director of public safety, today announced the appointment of four police women, the first in Pittsburgh. They are attached to the secret service division, and their names are known to none but the director and the officer to whom they will report. They will look after young girls coming to the city and investigate violations of the laws in cafes where liquor is served to women and in other ways look after women. It is not the intention of the department to have them have anything to do with the law violation of men.

## RUB RHEUMATISM PAIN AWAY WITH ST. JACOBS OIL

Count fifty! Pain gone. Rheumatism is "pain only." Not one case in fifty requires internal treatment. Stop drugging! Rub soothing, penetrating "St. Jacobs Oil" directly upon the "tender spot," and relief comes instantly. "St. Jacobs Oil" is a harmless rheumatism cure which never disappoints and can not burn or discolor the skin.

Linger up! Quit complaining! Get a small trial bottle of "St. Jacobs Oil" from any drug store and in just a moment you'll be free from rheumatism, pain, soreness, stiffness and swelling. Don't suffer! Relief and a cure awaits you. "St. Jacobs Oil" has cured millions of rheumatism sufferers in the last half century, and is just as good for sciatica, neuralgia, lumbago, backache, sprains.

## Theaters

Montgomery and Stone. Montgomery and Stone straight from a year's "run" at the Globe Theater, New York, in a new musical fantasy in three acts, music by Victor Herbert, direction of Charles Dillingham. Sounds pretty good, doesn't it? Especially to judicious theater-goers who have had their money's worth at the principal American theaters in the past five or six years with Montgomery and Stone at the head of their big company playing "The Wizard of Oz," "The Red Mill" or "The Old Town." The names of Montgomery and Stone in star display with a "Dillingham production" have always been sufficient to attract capacity houses in any city theater over whose doors they are displayed. "The Lady of the Slipper" is announced to open at the Auditorium, Friday night.

The Champlin Stock Company. The Champlin Stock Co., which is to appear at the Auditorium early in April is playing the Coraie theater in East Liverpool this week, and is packing them. We have never witnessed a stock company with the reputation this possesses, as it plays nothing but the larger towns, and then confined its territory to the eastern part of the country. Watch for the announcement on the billboards for their army of lithographers and outside men will be busy next week, awakening Newark to the fact that a real one is coming to town.

Auditorium Theater. "From the Gutter to the Footlights" is the photo-play booked to appear at the Auditorium next Saturday, matinee and night. This picture is filled with sensation, besides depicting a most wonderful story. On Sunday "The Mexican Rebellion" in three reels and "The Divine Appeal." The usual prices will prevail, 5c and 10c.

## RAILROADS APPEAL TO THE COMMISSION

(ASSOCIATED PRESS TELEGRAM)  
Columbus, April 1.—The Lake Terminal company of Lorain and the Newburgh and South Shore railway company of Cleveland, both short railway lines, have filed complaints with the state public utilities commission against the 41 railroad companies operating in Ohio, against the discontinuance of joint freight rates with those roads which is to occur today. Discrimination and restraint of trade are charged.

A Virginia inventor has brought out a motor-driven plow from which the motor can be removed for other work about a farm.

## Wisdom from Washington

By ARTHUR W. DUNN.  
Washington, April 1.—[Special.]—That the west is its trouble is shown by important legislation which is pending.

"If the western men would get together and the rest of the country would let us settle some of our questions, just as New York and New England have settled their questions, we would evolve something satisfactory." So said Senator Sutherland of Utah, commenting upon the several bills relating to coal lands, radium and the disposition of lands in Alaska.

Senator Shafroth of Colorado has pointed out that all the public lands in western states are not taxable, which makes a burden for the tax paying people of the states. Senator Borah of Idaho often breaks in with his complaint that the large forest reservations are virtually independent governments within the states and are retarding the development of those states.

If the western questions should be settled it would save a lot of time in congress, but these western questions include conservation, waterpower and all of the many complex matters that have arisen in the name of conservation. It will take some time to settle them.

Are These Political Straws? One day Senator Chamberlain, a Democrat, commended the Americanism and courage of Theodore Roosevelt. On the same day William Alden Smith, a Republican, said something of a like nature. The query naturally arises whether the political straws which show the direction of the wind floated through the senate that day. Senator Smith quoted Mr. Roosevelt as favoring American control of the coastwise tolls question. Senator Lodge exhibited intense surprise and questioned the accuracy of any such statement. Lodge was pretty close to Roosevelt during his entire administration, but occasionally the president said things which did not have the approval of the Massachusetts senator.

Kitchenette Cabinets. We have often heard of kitchen cabinets in connection with administrations. Nearly every administration has one. One can readily see that there is no such attachment to the Wilson administration, but there are little circles, councils, boards of strategy and smaller organizations which may be called kitchenette cabinets that meet from time to time in Washington and formulate theories, plans and suggestions to be carried to the president if any of the kitchenettes should ever see him. It is not likely that these suggestions would have much weight with the president.

Conspicuous Texans. Texas has made her self rather conspicuous in the house of late by reason of the fact that Congressman Callaway injected himself so frequently into the river and harbor debate and Congressman Dies has been in the pension debates and Congressman Henry fought for the rule to rush the Panama canal repeal bill. Callaway has earned quite a reputation for his bright repartee while fencing with the various members of the rivers and harbors committee. It is not difficult, however, to have fun with a river and harbor bill if a man is a ready talker.

Explaining River Conditions. Discussing appropriation for a river in the south, Congressman Murdock, the Progressive leader, asked: "Why is it called the Little Pee Dee and the Lumber river? Why does a little river like that have to have two names?" "It is called the Lumber river in North Carolina and the Little Pee Dee in South Carolina," explained Congressman Ragsdale of South Carolina. "I should think that river should get together," remarked Murdock. "That river," retorted Ragsdale, "is in the exact condition of the Republican and Progressive parties—they can not get together."

Martine, Optimist. It is a real pity that Hale of Maine could not have remained in the senate long enough to encounter Senator Martine of New Jersey. Hale exuded gloom. He was more than pessimistic. He constantly issued danger signals. He was a real signpost of woe. Senator Gallinger has been a bit inclined to see the worst side of things, particularly about Democratic legislation, but Martine butts in with optimism of the most pronounced kind. One day when the New Hampshire senator pointed out how the tariff had not reduced the cost of living and said the currency bill might produce disaster, the New Jersey man said: "Now, in heaven's name, do not utter this horrid story of desolation, murder, sadness and woe, but join in the cry of fraternity and keep up with the march of the times."

NEEDMORE. W. H. Varner visited his daughter Miss L. C. Red Brush, where she is teaching Thursday. Mrs. George Eden spent Friday with her daughter, Mrs. Ben Martin. Charles Eden, visited his grandparents, M. and Mrs. G. W. Priest of Pleasant Valley, Saturday night and Sunday. J. V. Martine's family have moved back to their home here, from Newark. Mr. and Mrs. W. H. Varner, spent Sunday afternoon with Mrs. Lillie Martin. Lee Varner, spent Tuesday and Wednesday of last week, in Newark.

## QUICK AND SURE STOMACH DOCTOR

"Pape's Diapiesin" ends indigestion, gas, sourness and stomach misery in five minutes.

Time it. Pape's Diapiesin will digest anything you eat and overcome a sour, kassy or out-of-order stomach surely within five minutes.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapiesin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapiesin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.

### FEEL YOUNG!

It's Dr. Edwards' Olive Tablets for You!

Beware of the habit of constipation. It develops from just a few constipated days, unless you take yourself in hand.

Coax the faded bowel muscles back to normal action with Dr. Edwards' Olive Tablets, the substitute for calomel. Don't force them to unnatural action with severe medicines or by merely flushing out the intestines with nasty, sickening cathartics.

Dr. Edwards believes in gentleness, persistence and Nature's assistance. Dr. Edwards' Olive Tablets open the bowels; their action is gentle, yet positive. There is never any pain or griping when Dr. Edwards' Olive Tablets are used. Just the kind of treatment old persons should have.

Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil, you will know them by their olive color. Take one or two occasionally and have no trouble with your liver, bowels or stomach. 30c and 25c per box. The Olive Tablet company, Columbus, Ohio. All druggists.

There's more joy for you in one bottle of Speedway than in a whole year of spring days. For Speedway does take the aches and pains away.

Speedway is for those tired, stiff joints—for bruises and sprains—for rheumatic limbs that make you wince every time you move.

Limber up with Speedway! Feel frisky and fine by simply applying this magic "balm" to the aching spot. You use it—no one else. You feel like a new person afterward.

Putting it on full strength—rubbing gently until the skin glows—is just the thing. For Speedway cannot burn or blister the skin. It's as soothing and pleasant as toilet water. It cannot stain the flesh, or the delicate fabric, being a kind and gentle remedy—and just as sure as it is agreeable.

Suppose you go—the first minute you get the other drugist and buy a bottle of Speedway. Better get the large size, and use it faithfully—then you will absolutely receive the results promised or the drugist will return your money.

Speedway was discovered and successfully used for years by a good old Scotch physician. Now it is given to the world—ready to prove your "road to quick relief." Try it now.

## GOT A VIOLENT SICK HEADACHE?

Get a 10 Cent Package of Dr. James' Headache Powders, and Don't Suffer!

Henry Lyons was a rich man, but he needed as his wife for his wife was a queen of apparel. Her gowns, her jewels, her dinners, were the talk of the country. She had everything she wanted, and the amounts her husband paid annually to gratify her whims were fabulous.

She gave her wife's demands upon his resources at the time came at last when even Lyons' unstinted generosity reached its limit. He was asked when he believed it his duty to give her something that she demanded. It was something a pearl necklace. Its cost was \$80,000.

"I can't afford it," said Lyons.

Pretty Mrs. Lyons stamped her foot.

"How stupid!" she exclaimed. "Now be a good boy and do something with the market."

Lyons had determined to be firm. He loved his wife, however, and compliance with her wishes had become a habit. When, therefore, after his wife had left he was handed a telegram in which announcing the confidential information that the D. & H. railroad would pass its next dividend the thought immediately struck him that here was an excellent opportunity to do something with the market, which would enable him to buy the necklace his wife so much desired.

To converse with Lyons was to execute. Within an hour his agents were buying D. & H. stock. Lyons' stock was bought in the market. Lyons' stock was bought in the market. Lyons' stock was bought in the market.

Miss Miriam Nesbitt.

MISS NESBITT is a Chicago product, this being the city of her birth and her early education. Later she attended school in Indianapolis and at the Mary Sharpe college at Winston, Tenn. Her professional training was obtained in the Wheatcroft Dramatic school and on the stage itself, where she has played with James K. Hackett, Joseph Haworth, Ada Rehan, and other stars, besides appearing in many other plays from "The Traveling Salesman" to "Peter Pan." Miss Nesbitt has been with the Edison people since 1909, and during the summers of 1912 and 1913 she played the leading roles in all the plays produced on the tours from north Scotland to Naples.

for his callousness. A copy of this newspaper fell into Mrs. Lyons' hands.

Instantly she flew into a rage and rushed out to find her husband.

"What does this mean?" she demanded, exhibiting the newspaper.

"It means," replied the market manipulator, "that I have done something with the market. Here is the result."

He handed his wife the necklace.

But Mrs. Lyons refused to accept the gift.

"Not at such a price," she said. "It cost too much."

A stormy scene between husband and wife followed. In the midst of it appeared a little widow, who had lost everything in the bank crash. She begged Lyons not to permit her to be ruined. He answered her coldly.

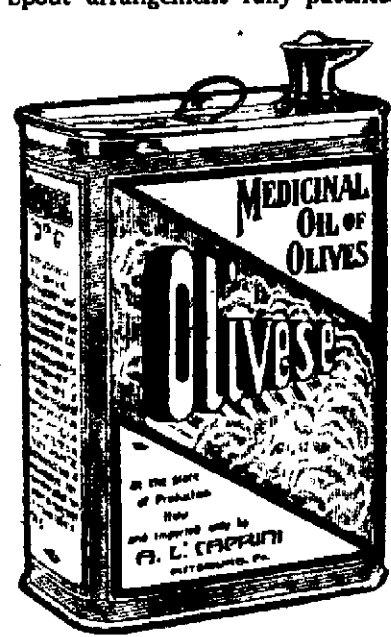

But Mrs. Lyons took up the widow's case. Then the husband turned on her and denounced her for her extravagance.

"I did this for you," he said. "If you had not demanded this necklace the Marine bank would still be solvent."

The words struck Mrs. Lyons to the heart, and in tears she pleaded with her husband to make an effort to prevent the ruin he was causing. Her tears were effective. Lyons went to the telephone, called up the head of the

## THE TRUTH ABOUT OLIVE OIL

Spout arrangement fully patented

Canned in the place of production in Italy

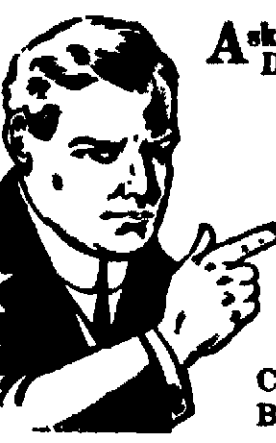

There are a number of "Pure" Olive Oils on the market to-day. All the pure olive oils, however, are not First Quality olive oils! Simply to know that you are buying an olive oil marked "pure" is not enough. The fact that an olive oil is pure does not necessarily imply that it is fit for human consumption. There are several different grades of olive oils, regardless of their purity. There is but one grade of olive oil that should ever be used for table use or for medicinal purposes; that is the first pressing of hand picked, carefully selected olives.

When you buy a can of OLIVESE you secure the HIGHEST GRADE Olive Oil that can be had at any price.

## FINE ADDRESSES AT CONVENTION AT GRANVILLE

Granville, April 1.—The Ohio Baptist ministers convention is now in full swing. Delegates are in attendance from a large number of Ohio cities, although the numbers are not as large as was at first anticipated, the total of those present being nearly one hundred.

Session began yesterday in Sherwin assembly room of Cleveland Hall at 8:30 a. m. H. H. Hurley of Mt. Vernon opened the activities for the day with an address on "Method in Individual Soul Winning." Citing a few of the experiences he had had in this phase of a pastor's life and the methods which he found to be most successful.

"The Purpose and Mission of a Brotherhood," was the subject of the talk given by W. A. King of Marion. George E. Enterline of Cambridge was the third speaker, "Reaching Men Through Rural and Village Churches," furnished the basis of an interesting talk. C. W. Kemper of Cincinnati next gave an address on "Children's Church."

Frank L. Johnson of the Newark Y. M. C. A. spoke on "Boys Meetings." Mr. Johnson has had a broad experience in this line of work because of his close association with boys and young men. His talk was based wholly upon the advantages of holding meetings for the boys and training them to understand and become interested in religious teachings.

Taking up Mr. Johnson's talk where he left off, Mr. H. A. Vernon of Norwalk lectured concerning "The Young Man as He Becomes of Age." An illustrated lecture "Trailing the

Atom to Its Lair," by President Clark W. Chamberlain concluded the addresses of the day.

No one thing gives so much pleasure to so many people for so long a time at so little cost as a Columbia Gramophone, the one incomparable musical instrument.

Demonstrations at any time at our store or on approval in your own home.

All Columbia Gramophones will play Victor records. Likewise all Columbia records may be played on Victor talking machines.

The Columbia Gramophone De Luxe, price \$200. There are 14 other Columbia models some at a higher price, two at the same price, eleven at a lower price—from \$15 to \$500.

Your credit is good on all machines. The Stewart Brothers & Alward Co., The Arcade and Union Block, Newark, Ohio. 4-1-d-31\*

## CLUBS MUST COME UNDER LICENSE LAW

Youngstown, O., April 1.—Fraternal clubs which have been selling liquor without licenses since the new Ohio liquor law went into effect closed their bars today when an order from the prosecuting attorney of Mahoning county became effective. They had been operating up to this time in spite of the prosecutor's order. The law was enforced today and the clubs are now dry.

## CHARLES KIBLER IS HONOR MAN IN RUSH COLLEGE

[Special to the Advocate]  
Chicago, Ill., April 1.—Charles Kibler of Newark, O., ranks first in a class of over 200 who took the examination for appointment as interne in Cook county hospital, the largest hospital in the world. Mr. Kibler, who gets his "M. D." this year, will therefore have the benefit of excellent hospital experience for the next 18 months.

Dr. Kibler is the son of Hon. Edward Kibler, sr., of this city. He has been studying medicine at Rush Medical college since his graduation from Ohio State University and his many friends here will be glad to hear of the success that has just come to him.

## CLOSE BROKER'S OFFICE OWING TO ILLNESS

[ASSOCIATED PRESS TELEGRAM]  
Pittsburgh, April 1.—Announcement was made on the floor of the stock exchange today that owing to the critical illness of Robert C. Hall, his brokerage office had been closed and the business would be liquidated. Hall was one of the oldest members of the Pittsburgh stock exchange and was widely known as a speculator in oil and gas stocks, particularly those of the Standard Oil subsidiaries.

Harry M. Reigel, field man for a Pittsburgh oil company which has holdings at Clay Lick, is spending a few days in Newark.

## MANY ENTRIES FOR THE RACES AT STATE FAIR

[ASSOCIATED PRESS TELEGRAM]  
Columbus, O., April 1.—A large number of entries have been received by the state agricultural commission for the two year old and three year old trotting races which will be held at the state fair this year. These are known as the Governor's and the Billings' cup races. The entries close next Monday.

## HOTEL METROPOLE WILL BE OPENED AS CLUB HOUSE

[ASSOCIATED PRESS TELEGRAM]  
New York, April 1.—The Hotel Metropole, at No. 147 to 151 West 43rd street which has been closed most of the time since Herman Rosenthal, the gambler, was shot and killed as he stepped from its doors, is to be remodeled and used as a clubhouse.

The hostelry has been a failure since the sensational murder and has passed through considerable litigation.

**KNIGHTS ENJOY BALL.**  
Members and invited guests of Licking lodge, No. 82, K. of P., colored, enjoyed a ball given by the lodge in Bismark hall, West Main street, Tuesday night. There were in the neighborhood of seventy-five couples in attendance and the dancers made merry until a late hour.

H. L. Carl of Chicago was a business visitor in Newark on Tuesday.

## EIGHT TELEGRAPH OFFICES ORDERED CLOSED BY B. &amp; O.

Orders went out from the local division offices of the Baltimore and Ohio railroad Wednesday to the effect that eight telegraph offices on this division, between Newark and Benwood, W. Va., are to be discontinued. This is in accord with the retrenchment policy which the railroads are facing as a necessity.

Which eight offices would be closed had not been made known here up to noon. It was said, however, that the closing of the offices is temporary, until the coal situation changes.

The B. and O. has already discontinued about half of its trains through the coal district, on account of the miners' strike. The closing of mines in Southern Ohio means that the bulk of the road's freight business is shut off. The telegraph offices to be closed are those in the coal belt.

## MINERS FROM OHIO COUNTIES HOLD MEETING

[ASSOCIATED PRESS TELEGRAM]  
Cleveland, April 1.—A meeting was held at the Hollenden Hotel here today by coal operators from the central district of Ohio, comprising Tuscarawas and Coshocton counties. About a dozen delegates attended. They considered a program to be followed, based upon the conditions resulting from the closing of the mines. No developments bearing upon the state-wide strike situation were anticipated.

## Are You Solving The Pictures?

## JUDGE FULTON'S SUNDAY SCHOOL CLASS BANQUETS

About sixty men attended the banquet given at the Second Presbyterian church Tuesday evening by the men of Judge T. B. Fulton's Bible class. The supper was cooked by the men and also served by them, and was thoroughly enjoyed by those who partook.

Presiding in the kitchen were Charles Vanatta and his assistants, while those who acted as waiters were Ernest Johnson, John Wintermute, William Elber, Ralph Priest, Chris. Hermann, Fred Jones, A. W. Patton, A. E. King, Ralph Davis.

The tables had been placed and decorated during the afternoon by Edward Williams and Louis F. Carl. After the banquet a roaring pantomime was put on by Messrs. A. Edward King, Ralph Davis, David Marning and Mrs. James R. Fitzgibbon, under the direction of Miss Florence King, who read the thrilling story of "The Courtship of Mary Jane," which was acted out by the Thespian Stars mentioned, in costume.

The production was received by roars of laughter and applause by the audience.

Officers of the class were elected as follows:

President, Louis F. Carl; vice President, J. L. Murray; secretary-treasurer, Edward Williams.

Attorney A. A. Stasel then made an address explaining the plan announced by the Newark Board of Trade for the industrial development of Newark, and the class discussed the provisions of the plan with the result that it was indorsed in all its details by those present.

Wilson Hawkins made a stirring address along the same line calling attention to the duty of church men to devote themselves to a cultivation of their social nature, and to identify themselves with the new idea explained by Mr. Stasel for civic improvement.

## ARBOR DAY TO BE OBSERVED BY SOCIETY

Arbor day, April 24, will mark an important forward stride of the new West Locust Street Beautifying society, if plans now laid are carried out. On that day or the evening preceding, the society will have appropriate exercises, and a number of shade trees will be planted along the street where needed.

Activities in obtaining from the city council much-needed sidewalk improvements in West Locust street are already under way. The society is impressing upon residents of the street the boost to property values which will accrue from a well defined system of civic improvement. In this connection the care of lawns, front and rear, is being urged by the society and the planting of flowers and ornamental shrubbery will be started in the next few days.

It is the plan of the society to make West Locust street ultimately the most attractive residential section of Newark.

## GOT HUB SOUSED THEN VAMOOSSED WITH BANKROLL

It doesn't often happen that a woman deliberately conspires to see how completely under the influence of liquor she can cause her husband to become, but that is exactly what is charged against Mrs. Anna Drougan, arrested about midnight Tuesday in Columbus at the behest of the Newark police department. The arrest followed an investigation conducted by Police Captain Swank, who learned that the woman had left Newark suddenly Tuesday night with \$1400 belonging to her husband. When searched at Columbus, the police found \$1300 of the money concealed about her person.

According to information uncovered by Captain Swank, Mrs. Drougan, who is a foreigner, was induced by John Ranso to produce in her husband a state of intoxication which would permit his being robbed without causing too much trouble.

Not being altogether "hep" to the plot, Drougan was willing to have his capacity for strong drink tested. He made a good job of it, according to his complaint to Captain Swank, and was completely down and out. When he awoke, he was shy about \$1400 and he charged his wife and Ranso with making off with the money.

The police claim that the man and woman have been under cover for several days but last night a tip was received by Captain Swank that the couple had taken a taxi cab to Hebron where they boarded the last car for Columbus.

A telephone message to the Columbus authorities made it possible for a detail of police officers to meet the Newark car on the outskirts of Columbus, where they took Mrs. Drougan and Ranso into custody.

Captain Swank returned from Columbus shortly before noon Wednesday with the man and woman in custody. She declared that she intended to invest the \$1400 for her husband in a boarding house. The investment will be delayed pending a settlement of the case in court here.

The membership of the Philadelphia Fencers' Club is nearly doubled by women.

Ninety per cent of the farms of this county are said to be without any sheep.

## BEAUTIFUL DIAMOND RING AT FUCHS BROS. IN BIG CONTEST

This beautiful \$110.00 diamond ring at Fuchs Bros. Jewelry store at 16 North Park Place, is one of the prizes in the Advocate's Booklovers' contest that everybody is anxious to get.

It is a splendid white stone a half and a sixteenth karats of exceptional quality and guaranteed. It is needless to say that anything guaranteed by the Fuchs Bros. is sure to be right in every respect.

Fuchs Bros. have an exceptional attractive line of jewelry for Easter.

All the new little Easter novelties that add so much to the toilet—the dainty slipper pins, the Vee pins for the low necked dresses, lavaliers, etc. An elegant line of gold, silverware, cut glass, etc., in all the late designs is here. Also diamonds in all sizes and mountings. This beautiful prize ring is on display in the show window and the Fuchs Bros. will be glad to have you step inside and examine it thoroughly. Someone will win this diamond ring. Why not you?

## THERE ARE MAKERS OF SOAPS, WRITERS OF BOOKS

and builders of locomotives whose names ring round the world for superiority in their respective lines.

Cornell graduates have won equal distinction as a clothes product. Messrs. Weissman and Sachs, the general proprietors of the Newark Cornell Store, have outdone themselves this season in their most unusual display of Spring Suits, Up Coats and Raincoats. Cornell Store contains RIGHT NOW the largest and finest stocks of gentlemen's wear to be found anywhere hereabouts. We congratulate Cornell graduates upon their progressiveness and their always alert methods to win patronage.

## ISSUES A CARD TO THE VOTERS

I would very much appreciate it if my good Democratic friends throughout the county would wait until I can personally see them in the interest of my candidacy for the nomination as state representative before making any promises. I hope to do this in the very near future.

## THE "PRUDENT MAN" ASKS ADVICE ABOUT MONEY MATTERS

If all of these schemes which "Smooth" strangers come around to peddle are such great "Money Makers" why don't they KEEP them themselves?

When a man is trying hard to sell you a proposition there is something in it for HIM that's a sure thing.

Is it not better for us all to keep our money here at home, invest in and build up OUR OWN Community?

The man Who does this is prosperous.
